TURN ON TOMORROW

## SMT-S7140 Samsung Satellite Set-top Box

### Satellite HD PVR Receiver for Viasat

*The world of entertainment is yours in a split second.*

SMT-S7140 is one of the high-end positioned STB of Samsung chosen by Viasat. It represents the next generation in HD PVR STB technology.

With integrated 320GB HDD, more than 60 hours of HD or 160 hours of SD program can be recorded. Also with two satellite tuners, you can record two channels while playing back one of them.

It has various interfaces such as USB, HDMI, SCART, S/PDIF, Audio L/R. Also with Ethernet interface, user can get IP hybrid services.

  - Language : Sweden, Norway, Denmark, Finland, English, Latvian, Russian, Estonian, Lithuania.

[User Interfaces]

### Connectivity

- **RF Input**
  - Satellite RF tuner (female)
- **Video output**
  - 2x SCART (TV and VCR)
  - HDMI1.3 with HDCP
- **Audio output**
  - 2x SCART (TV and VCR) downmix 5.1 ch to 2 ch stereo
  - S/PDIF (optical) with 5.1
  - RCA Audio L/R
- **Smart Card**
  - ISO 7816-1,2,3 Compatible
- **Data Interfaces**
  - 2x USB 2.0 host (Rear)
  - Ethernet

### Specifications

- **DVB-S / S2**
- **320G HDD (2.5")**
- **Memory**
  - DDRAM : 256MB
  - NOR Flash : 4MB
  - NAND Flash : 64MB
- **Resolution** : up to 1920 \* 1080i
- **Video TypeL** : PAL
- **MPEG-2, MPEG-4/H264**
- **Dolby digital, Dolby digital plus**
- **Macrovision Copy Protection**
- **External Power Adaptor**
  - Power consumption : <1W @ standby mode
  - Typical 25W @ Active mode
- **Dimension** : 310 \* 230 \* 53 (mm)
